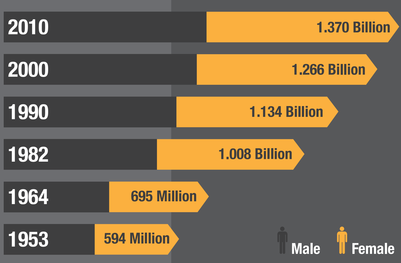
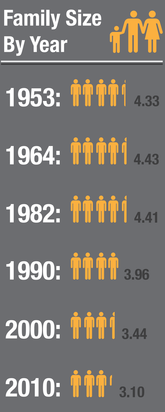
CHINA'S CENSUS DATA

POPULATION

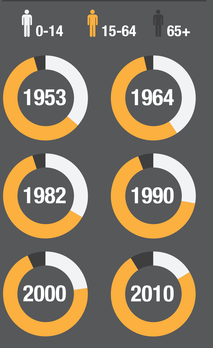
China's total population constitutes about 20 percent of the world population.



Family Size By Year

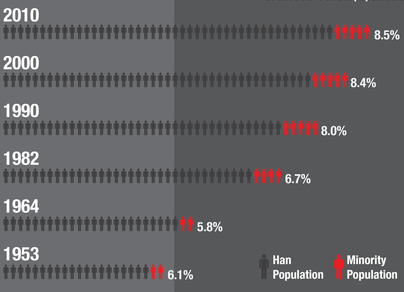


Age Breakdown



ETHNOGRAPHY

While minority ethnic groups are slowly increasing in Mainland China, the Han Chinese are the largest ethnic group, about 91.5% of the population.



EDUCATION

China's literacy rate climbed from 66% to 96% since 1964. However, the majority of the population still only attains an elementary or middle school level of education.
